

Genuine value on selected Genuine new Nissan Diesel Bare Engines.

Why recondition when you can replace?

Make it Genuine for your customers with new Nissan Diesel Bare Engines for selected Patrol Y60 and Y61 models.

It's a great time to encourage your customers to upgrade tired, worn out engines with brand new parts. Right now Nissan are offering genuine value on selected brand new diesel bare engines. Choosing a new Nissan Diesel Bare Engine now makes good economic sense when considering the customer receives a brand new engine made by the original manufacturer.

NISSAN GENUINE WARRANTY

See your Nissan Parts Manager for fantastic value and the chance to give your customers Genuine parts that are backed by a 12 month, 20,000km Nissan Genuine warranty.

Call your Nissan Parts Manager for great value on new Nissan Diesel Bare Engines.

Available for Y60 and Y61 Patrol with ZD30 or TD42Ti Engine.

NEW VS RECONDITIONED

The perfect fit is more than just fitting the right engine size to your customer's car, it's also about fitting the right engine for that particular model. With a new Nissan Diesel Engine you can rest assured you're fitting the correct engine for that model.

Reconditioned engines may contain inferior non-genuine parts which increase the chances of an engine being unreliable – this can be very expensive, particularly with diesel engines. The unfortunate fact is, you just don't know what you're getting when you buy a reconditioned engine – at the end of the day it's still second-hand.
